

Nat 5 Graphics Homework – Toy Sales Graph

2D 2.4 - Planning the design & justifying the choice of informational graphic to suit a given scenario.

Brief: Research different types of graphs before deciding on the type you will use. Look at images of graphs which have been used in magazines, newspapers, etc.

Design and make a Graph to show the most popular toy sales at Christmas time. You should have 2 annotated ideas with justification about why they would be suitable. Each idea should be done on an A4 page with the design A5 in size. The selected graph should then be made on Serif Page Plus.
